## Conference Focus

The **eChallenges e-2013 Conference** takes place in the beautiful village of Malahide, County Dublin, Ireland. This is the twenty-third in a series of annual technology research conferences supported by the European Commission and hosted by national governments.

**eChallenges** attracts participation from senior representatives of leading government, industry and research organisations around the world.

**eChallenges e-2013** will provide an international forum to share experiences and increase awareness of innovative Information Society and applied ICT applications and research results, and identify opportunities for international research collaboration under Horizon 2020.

The goals of **eChallenges e-2013** are to promote Information Society and Applied ICT related knowledge sharing and innovation between government, industry and research stakeholders, exchange experiences about the current state of eAdoption at a sectoral, national and regional level, stimulate rapid take-up of RTD results by industry and in particular SMEs, and identify opportunities for future international research collaboration under Horizon 2020.

## Event Profile

The **eChallenges Conference Series** has a truly international perspective, typically attracting over 500 delegates from over 50 countries and five continents each year.

Its reputation is based on high quality plenary presentations and high quality papers and discussion sessions in the Scientific Programme. The high quality conference community ensures a stimulating, high quality networking environment, providing an opportunity to share knowledge and experience with potential research and exploitation partners. Each conference showcases host country activities, as well as sectoral and national initiatives and regional success stories.

## Call for Sponsors

**eChallenges e-2013** is Supported by the European Commission.

The **eChallenges Conference Series** is entirely self-funding through delegate registrations and government & commercial sponsorship. To learn about available sponsorship opportunities and associated benefits, please contact the Conference Secretariat: [secretariat@eChallenges.org](mailto:secretariat@eChallenges.org)

## Publishing Schedule

The publishing schedule for **eChallenges e-2013** is as follows:

- Extended abstracts submitted online by **08 March 2013**
- Provisional acceptance of extended abstracts by **05 April**
- Draft final papers (using eChallenges Template) submitted online by **30 April**
- Feedback from International Programme Committee provided by **31 May**
- Final papers (using eChallenges Template) submitted online by **30 June**

## International Programme Committee

A distinguished International Programme Committee (IPC) is being formed by Paul Cunningham, the Conference Chair. The IPC will evaluate and provide feedback on extended abstracts, draft final papers and final presentations received, compile the programme, and chair sessions.
