## Conference Focus

The **eChallenges e-2015 Conference** takes place in Vilnius, Lithuania. This is the twenty-fifth in a series of annual technology innovation and research conferences supported by the European Commission and hosted by national governments.

**eChallenges** attracts participation from senior representatives of leading public, private, education and research organisations around the world.

**eChallenges e-2015** will provide an international forum to foster ICT related entrepreneurship and innovation, share experiences, increase awareness of innovative applied ICT applications and research results, and identify opportunities for research collaboration under Horizon 2020, in the context of the new Work Programme for 2016 - 2017.

The goals of **eChallenges e-2015** are to promote ICT Entrepreneurship and Innovation, facilitate Information Society and Applied ICT related knowledge sharing between public, private, education and research stakeholders, raise awareness of the current state of eAdoption in developing countries, stimulate rapid take-up of RTD results by the public, private and societal sectors, and identify opportunities for ICT related research and innovation collaboration under Horizon 2020.

## Event Profile

The **eChallenges Conference Series** has a truly international perspective, typically attracting over 300 delegates from over 50 countries around the world each year.

Its reputation is based on high quality plenary presentations and papers and discussion sessions in the Scientific Programme. The high level conference community ensures a stimulating, high quality networking environment, providing an opportunity to share knowledge and experience with potential innovation and research partners. Each conference showcases host country activities, as well as sectoral and national initiatives and regional success stories.

## Call for Sponsors

**eChallenges e-2015** is Supported by the European Commission.

The **eChallenges Conference Series** is entirely self-funding through delegate registrations and public and private sponsorship. To learn about available sponsorship opportunities and associated benefits, please contact the Conference Secretariat: [secretariat@eChallenges.org](mailto:secretariat@eChallenges.org)

## Publishing Schedule

The publishing schedule for **eChallenges e-2015** is as follows:

- Extended abstracts submitted online by **30 April**
- Provisional acceptance of extended abstracts by **30 May**
- Draft final papers (using eChallenges Template) submitted online by **30 June**
- Feedback from International Programme Committee provided by **31 July**
- Final papers (using eChallenges Template) submitted online by **31 August**

## International Programme Committee

A distinguished International Programme Committee (IPC) is being formed by Paul Cunningham, the Conference Chair. The IPC will evaluate and provide feedback on extended abstracts, draft final papers and final presentations received, compile the programme, and chair sessions.
